**6. STAFF REPORTS**

**6.A. Executive Director**

Emily Cahill stated that on Saturday, March 11 from 1-3 pm the District will be hosting a job fair at the Noble Center. This is the second of two job fairs planned this month with the first job fair having been held March 1 where the District saw a more than 500% increase in participants over last year's numbers. The District is excited about the job fair's quantity and quality as there are still several seasonal, part-time, and full-time jobs open. The District encourages everyone to come to learn more.

Vice President Covington asked if there are any efforts targeted in hiring senior citizens age 65+? Emily Cahill stated that there are many seniors that are part of the seasonal workforce and more continue to come to the PPD for those positions, most notably in the Golf Division. The senior group is definitely a group that the District relies heavily upon to serve the community and we encourage them to apply.

**6.B. Superintendent of Planning, Design & Construction**

Becky Fredrickson presented the February 2023 Project Report and stated that currently, there are no projects behind schedule. *Please see Attachment A.* Trustee Petty inquired if the golf cart path improvements apply to all courses. Becky Fredrickson stated yes, paths were identified for improvement at each course. In addition, the forward tees at Madison #9 exec and #6 and #10 will be impacted.

Trustee Harant requested an update on the Glen Oak Park inclusive playground project. Becky stated that just today, calendar invites for a meeting to be held on Wednesday, March 15 at 3:30 pm here at Noble Center. During this meeting, the playground representative will provide and review a couple of playground options based on the input from everyone at the last meeting on February 1.

**6.C. Chief of Police**

Chief Todd Green presented the February 2023 Police Activity Report. *Please see Attachment B.* He also presented was the Peoria Park District Police 2022 Statistics.

**7. COMMITTEE REPORTS**

**7.A. Programming Committee - Approved Minutes of December 5, 2022 Programming Committee Meeting**

The approved minutes of the 12.5.22 Programming Committee meeting were presented for review.

**7.B. Diversity, Equity, Inclusion and Accessibility Committee Meeting - Approved Minutes of December 13, 2022 Meeting**

Trustee Petty presented the approved minutes of the 12.13.22 Diversity, Equity, Inclusion and Accessibility Committee meeting for review.

**7.C. Diversity, Equity, Inclusive and Accessibility Committee: Proposed Policy Addition - Section III BUSINESS 5.00 Solicitation and Hiring for Qualifying Construction Contracts**

Emily Cahill stated that presented tonight is the first view of the DEIA Contractor Resolution and proposed new Contracting Policy. These will appear on the March 22, 2023 Regular Board meeting agenda for consideration and approval.

Trustee Bertschy stated that two documents are presented tonight, Resolution 140-1 Establishing the Policy of the Peoria Park District in Respect to Public Contracting, the Illinois Human Rights Act, and DEIA Objectives, and a proposed policy addition – Solicitation and Hiring for Qualifying Construction Contracts. The Resolution addresses compliance with the Illinois Human Rights Act and associated administrative regulations. This was developed by the DEIA Committee.

Board members and staff thanked Trustee Petty for her leadership in the DEIA Committee and for spearheading the long and arduous process in developing this new policy to bring to the Board.

**7.D. Finance Committee - Interfund Loan Review**

Emily Cahill stated that as part of the overhaul of the District’s Financial Policies, staff and committee members have spent time discussing the role of Interfund loans in the overall financial sustainability strategy of the District.

As one of several tools used to track fund health, keeping interfund loans on the books helps with management and governance when they tie to existing issues or concerns that should be addressed by leadership. When they are historic in nature and don’t represent existing issues, they are less useful to sound management practice. Further, when there are not realistic expectations for repayment, maintaining these payments as loans is not useful as an accounting tool either. An overview of the current interfund loan balances is provided hereafter, along with a more detailed year over year financial position for each fund being looked at.

After review and discussion, the Finance Committee recommends that the interfund loans from the General Fund to the RiverFront and Golf funds be forgiven as part of the 2022 budget year process. The outstanding loan from the General Fund to the RiverPlex Fund should be carried forward to allow for ongoing assessment of the fund’s performance.

Trustee Bertschy noted that the Golf Fund deficit represented times at which the District offered too many golf holes. There was a lot of concern from the community at the time about whether a golf course should be closed or not. The statistics seen now reflect the decision to close down the golf courses to get the Golf Fund and finances back in better shape, as seen in more recent years when the fund stabilized itself.

Trustee Bertschy MOVED TO APPROVE the forgiving of loans, as part of the 2022 budget year process, of the RiverFront and Golf funds. Motion seconded by Vice President Covington and carried on the following roll call vote: Trustees Bertschy, Bright, Harant, Petty, Vice President Covington, and President Johnson. (Results: 6 Ayes; 0 Nays).

**8. NEW BUSINESS**

**8.A. Presentation and Adoption of 2023 Combined Budget & Appropriations Ordinance**

Attorney Streeter gave an overview of the purpose for the budget and appropriations ordinance. The district must take certain steps by state law before it can levy taxes. During the first quarter of each fiscal year the Park Board is required under the Illinois

Park District Code to approve a combined budget and appropriation ordinance. By state law this ordinance must be passed and filed with the county clerk. The combined annual budget and appropriation ordinance appropriates the monies that are necessary to cover projected expenses and liabilities the district may incur in its current budget year. This ordinance has been available for public inspection for 30 days and up until tonight's public hearing. Proper notice of the hearing has been published in the local newspaper. The budget included in the ordinance, which is nearly 50 pages in length, contains estimated maximum amounts that could conceivably be spent during the fiscal year, if sufficient funds were available, a statement of cash on hand at the beginning of the fiscal year, a statement of estimated cash expected to be on hand at the end of the year, and estimated revenues anticipated to be received by the District during the fiscal year from all sources. The ordinance sets upper limits on both revenues and expenditures that could occur in the fiscal year if sufficient funds were available. The estimated budget figures have been provided by Superintendent Ross and her staff. The document has been reviewed by Executive Director Cahill and Attorney Streeter. Secretary Woodworth has prepared the final document for presentation. This document is similar to prior years.

Trustee Harant MOVED TO WAIVE the reading of the ordinance and approve the adoption of the 2023 combined budget and appropriations ordinance as presented. Motion seconded by Trustee Petty and carried on the following roll call vote: Trustees Bertschy, Bright, Harant, Petty, Vice President Covington, and President Johnson. (Results: 6 Ayes; 0 Nays).

**8.B. Proposed Policy Revisions - Rental Policy**

Emily Cahill stated that in the fall of 2022, staff and trustees discussed the need to revise and update the rental policy language included in the current Conduct Ordinance. After review by staff, in collaboration with Attorney Streeter, it has been determined that the language is out of date and creates potential liability by creating limitations and burdens that are not constitutional. In response to these concerns, staff has worked with Attorney Streeter to provide the proposed updates to the rental policy language. Because of the

significant modifications proposed, the proposed revisions, and a redlined version combining the two were provided for review.

Trustee Bertschy asked if this policy is adopted and someone presents a request, is the Executive Director or designee in a position that they would be granting or not granting this in any way based upon the content of any speech that might be made, whether it's verbal or non-verbal speech? Attorney Streeter stated no, unless it is something that will incite violence or so violently profane that it wouldn't be appropriate. Beyond that, no as it is not content-based.

**8.C. Proposed Policy Revisions: Peoria Park District: Rules and Regulations: Part II, Section I – Personnel**

Shalesse Pie stated that this policy revision is presented for review and that the proposed updated policy 5.00 – Longevity Plan increases the amounts based on tenure with the District. The proposed updated policy 17.00 – Sick Leave increases the incentive amount. The proposed revisions were presented for your review and will be back for approval at the next subsequent board meeting.

Trustee Bertschy asked if the financial impact to the District has been calculated for this. Karrie Ross stated that she does not have the financial impact relative to staff with her at the moment, but will provide to the Board after shortly after tonight's meeting.

**8.D. Appointment of Judges Panel for Rhodell Owens Group Service and Landen Memorial Volunteer Awards**

President Johnson stated that Trustees Petty and Bright have been appointed to serve on the Judges Pan for 2022 award nominations for the Landen Memorial Award and Rhodell E. Owens Distinguished Group Community Serve Awards.

## 2022 Statistics

# Police Reports by Report Type

## Examples of reports labelled CRIME:

Investigations into violations of Federal/state statute (i.e. burglary, theft, criminal trespassing, criminal damage to property, mob action, etc.), park ordinance violations, etc. (additional details included on subsequent slides). **These 143 investigations will constitute the majority of our data analysis.**

## Examples of reports labelled NON-CRIME:

Administrative processes (i.e. warrant arrest, community caretaking, administrative processes, etc.)

\*\*In this data, the quantities represent the number of individual offenses, not necessarily the number of incidents. In many cases, an incident will comprise multiple offenses. Subsequent slides will address this in greater detail.

## Criminal Offenses by ZIP Code

- The figures on this slide reflect total number of ***criminal offenses***, which do not equal number of ***criminal investigations***. One investigation may be comprised of multiple criminal offenses. For example, a citation for Criminal Trespassing might also include citations for Ordinance Violation and Resisting/Obstructing. In our data, this event would be considered one (1) “incident,” but three (3) “offenses.” **Number of incidents by ZIP will be reflected on the following slide.**
- Highest chart values correspond with areas with largest PPD park spaces
  - 61603: 34 of 45 reports are from Glen Oak Park
  - 61615: 16 of 26 reports are from Detweiller Park
  - 61604: 12 of 24 reports are from Bradley Park
  - **More details to follow on subsequent slides**

\*Please note: the single record marked “not specified” refers to a traffic stop for which system data was incomplete.

## Incidents by ZIP Code

- The figures below reflect total number of **incidents**. We can think of incidents as individual episodes/cases. For example, we can look at the number “21” for 61615 and infer that there were 21 different episodes at this location that required police intervention in 2022, but know that each of those 21 episodes may have consisted of multiple offenses.
- There were 107 total incidents in 2022, compared to the 143 offenses detailed on the previous slide. This means that 36 of the offenses from the previous slide were secondary offenses in cases where multiple offenses were present.
- As with the previous slide, the highest chart values correspond with areas with largest PPD park spaces
  - 61603: 18 of 28 reports are from Glen Oak Park
  - 61615: 14 of 21 reports are from Detweiller Park
  - 61604: 9 of 18 reports are from Bradley Park
  - **More details to follow on subsequent slides**

# Total Incidents by Location

The figures below reflect total number of **incidents**. We can think of incidents as individual episodes/cases. For example, we can look at the number “9” for Bradley Park and infer that there were 9 different episodes at this location that required police intervention in 2022, but know that each of those 9 episodes may have consisted of multiple offenses.

The figures below show the same “incident” numbers as the chart above (the blue bars), as well as the secondary charges affiliated with that location (the orange bars). When combined, the two figures comprise the “total offenses” counted on the previous slide.
