**5. NEW BUSINESS**

**5.A. Closed Work Order Reports**

Matt Freeman presented the January – March, 2024 Closed Work Order Reports. *Please see Attachment A.* As a reminder, these service work orders are reporting the support of Equipment Service crews and do not report the daily work performed by park crews out in regional parks.

**5.B. Status Updates**

-Domestic Animals Policy at Detweiller Park

Kristi Shoemaker stated that in general, most nature preserves do not allow dogs. That applies to Forest Park Nature Center and Singing Woods. However, both Detweiller Park and Robinson Park both have areas that are dedicated nature preserves. In those areas and nature trails, dogs are allowed as long as the dog remains leashed. Trustee Covington requested signage be added in those areas to clarify that dogs are allowed, but they must be leashed.

-Detweiller Riverside Building Proposal

Becky Fredrickson stated that staff sent out a request for proposal for use of the former Detweiller clubhouse building. Two proposals were received and currently, staff is proceeding with one of those proposals. Lease agreement terms are currently being discussed. Once finalized, the agreement will be presented to the Board for approval.

-Bradley Park Statue Replacement

Becky Fredrickson stated that based on past meetings, progress is being made. Staff is working on developing three potential options and is looking for direction on one of the three options, based on the feedback received.

Through discussion, Trustee Hill MOVED that the genre of the artwork at the former Columbus statue site at Bradley Park be artwork representing the Native American community. Motion seconded by Trustee Covington and passed by the following vote: Planning Committee members – Trustees Covington and Hill – Aye, Executive Director Cahill – Abstain, Trustee Bertschy – Aye, Trustee Harant – Aye, Trustee Montez – Aye, President Johnson – Aye. As such, a meeting with regional native communities will be held for further discussion will be planned. Representatives from the Seven Circles Heritage Center, Eagle Ridge Elders, and other regional native communities are to be invited. As a courtesy, the Uplands Residential Association will be informed of the meeting and may attend if they so choose.

-Lakeview Splashpad

Mike Friberg stated that at the prefabricated restroom was approved by the Board and has been ordered. Staff is working with the Spray Ground manufacturer to identify a couple options. Once that is completed, an engineer will be brought in to design the plumbing. It is anticipated the project will be completed by this fall, with grand opening being next summer.

-Donovan Park Trail Work

Jacob Kuban stated that there was stump grinding being done at the Donovan Park trail. It may have briefly appeared as though the trail was closed, with the dead trees blocking it. However, it has been cleared and stump grinding is now complete.

Trustee Bertschy asked if the concept at Donovan Park was to clean up all vegetation that was not native to the park. Jacob Kuban stated, yes, that is the goal. The upper and middle ponds were always kept with virtually no vegetation as a golf course. Those pond systems are maintaining fishing opportunities. Volunteer groups are helping clear the south and west sides of the street border of the park to make way for more native habitat.

**6. PENDING BUSINESS**

None at this time.

**7. OTHER BUSINESS**

None noted at this time.

**8. ACTION STEPS REVIEW**

1. Schedule meeting with members of the Native American community for their consult in installing permanent artwork with the genre of Native American at Bradley Park.

**9. NEXT MEETING**

Wednesday, May 8, 2024 at 4:00 PM

**10. ADJOURNMENT**

At 5:46 pm, Trustee Hill made a motion to adjourn the meeting. Motion second by Executive Director Cahill and carried on unanimous voice vote.
